A place by the sea

Written by Noor

The place I want to write about today is an interesting and beautiful city. It's Venice. When I arrived, the first thing I did was ride in a gondola. Gondolas are the best way to see Venice because there are a lot of canals. It was amazing, but it was a bit expensive. In the afternoon, I decided to eat some Venetian cuisine because I was very hungry. I ate seafood with pasta and a traditional dessert. It was delicious. When I finished eating, I went to visit lots of museums. I learned a lot about the history of Venice. It's a great place to visit!
